President's Ramblings

October - November 2021

Greetings fellow Falcon GT enthusiasts,

Here we are in November and freshly out of Covid jail! But, for how long – who knows...? We best make the most of it until something else is invented to throw us all back into lockdown! I'm not sure about anybody else, but with the events of the last 18 months and particularly the last 9, it's quite difficult to get excited about much at all.

On the upside, we are able to start conducting normal meetings. Which I think will be great to lift the morale of everyone, being able to catch up in person and chat again! We will start back at the Fyansford Hotel on this coming Tuesday, 9th of November 2021 at the usual time of 7.30pm. Though, many of us will be there early for a meal and beverage(s) beforehand. Unfortunately, due to "regulations", to the best of my knowledge, the Hotel will be requiring a jab certificate for all patrons. I sincerely apologise to any member, who has exercised their basic human right to not participate in the current medical trials, for the inconvenience of being excluded from this meeting. I did consider, long and hard, about having one more BlueJeans meeting and convening an outdoor meeting that would include everyone (which we will be doing very shortly anyway, see next paragraph). However the feedback from the overwhelming majority of members that I've spoken to or heard from recently, really wanted to get back to some sort of normality as soon as possible, which I understand and believe that surely is good for our mental wellbeing.

Our Events team are working on quite a few things coming up. The first of which is an end of year get-together, of which I'm trying not to refer to "Christmas" at all, as it conjures up all sorts of expectations and formalities. The focus will be on a social catch up, of course with the cars too, with no discrimination of who can attend. On that note, I dearly hope that we can all get together harmoniously without any of the "us & them" stigma that seems to have been encouraged recently.

Please note that there were no minutes taken from the September or October meetings, as they were both informal meetings held on-line via BlueJeans.

See you all soon,

Tony Porter

A feeling behind the wheel that can't be matched by any other car in Falcon's class.

From the moment you take the driver's seat of new Falcon, you'll sense it to be exactly what it's designed to be... a car built to give you effortless pleasure behind the wheel.

It all starts, literally, in the way you sit. Relaxed, deeply cushioned with "raked" seat-backs to eliminate fatigue. High enough to see what's going on around you. Legs stretched out. Arms comfortable at "ten to two" on the wheel.

On the move, and the handling's great. That's the widest track in Falcon's class at work. The extra width between Falcon's wheels for more positive control, safer handling and steadier cornering.

Suspensions are designed to match the handling. Not too soft, not too firm; just right and rugged enough to iron out the worst of conditions, or to make the most of smooth conditions.

Another big feature is the exclusive "Torque-box" chassis — the steel frames and reinforcing cross members welded the entire length of the body. Together with Falcon's wide-track and long 111-inch wheelbase it combines to give you a road-hugging strength and smooth big-car ride unmatched by any other car in Falcon's class.

If you value silence as a driving virtue, Falcon gives you a double bonus. First, in the noticeable quietness of its new engines. Second, in the generous layers of insulating materials which, all around you and even lining the roof, keep road noise out on the road.

And you'll stop just as sure as you go. Falcon's drum brakes are bigger, self-adjusting, with thick bonded linings for longer life. Power disc front brakes (standard on Futura, Fairmont and Falcon GT) provide the ultimate in stopping action. 11 1/4-inch diameter, ventilated and Turbo-cooled, they have exceptionally high fade-resistant characteristics.

Another thing you can take for granted is reliability. It's nice to know that your Falcon has passed one of the most stringent testing programs in the automotive industry.

Ford Lifeguard Safety Features... standard on every Falcon:

- Collapsible steering column • Impact-absorbing steering wheel with full-width padded hub • Padded instrument panel
- Padded sun visors • Padded door-pull armrests • Recessed and safety-design control knobs • Recessed interior door handles • Double-grip safety door locks • Non-glare, shatterproof, inside rear-view mirror that "yields away" upon impact • Exterior rear-view mirror • 2-speed electric windscreen wipers • Windscreen washers • Dual hydraulic brake system with warning light • Front lap-sash seat belts and front centre-lap belt • High-intensity headlights • Wrap-around front turn-indicator and parking lights • Wrap-around tail, stop and turn-indicator lights • Reversing lights.

Distinguished Gentleman's Drive 2022 Flyer

Date: Sunday November 28th

Distinguished Gentlepeople, It's only two weeks until the Geelong #DGD hits the road for a 160km cruise through the region and the Great Ocean Road! We hope those Movember Moustaches are looking bushy and full!

Spots are still available, and there is still time to raise funds. So please share your profile; it's all for a good cause!

Keep updated and register at www.gentlemandrive.com.

Event Details.

The drive kicks off from **7am - 9am at The Garage Emporium, 25 Edols Street North Geelong**, with Coffees and muffins available thanks to The Little Coffee Spot.

At 9 am, we hit the road heading inland through the regional towns of Moriac and Modewarre, stopping at The Store Deans Marsh for a quick break, food and re-group.

From there, we head towards Lorne through the beautiful Otway rain forest.

From Lorne, we head back towards Geelong, passing through the coastal towns of Airey Inlet and Anglesea on to our next stop, the world-famous Bells Beach car park, for another re-group and photo opportunities.

From there, we follow the coast through Torquay and back towards Geelong, finishing up at the Federal Mills for a late lunch at the Pickers Union or 1915 (TBC).

So make sure your pre-1980s machine is ready to rock and roll, and you have your dapper dress ready!.

Map of the route below

<https://goo.gl/maps/EnR8nzJkHt1dBgXJA>

A basic recovery vehicle will be following if you have any issues.

This is an outdoor event. We request participants follow the current Victorian Health advice

<https://www.dhhs.vic.gov.au/coronavirus>

See you soon!
