Meetings

The Falcon G.T. Club of Geelong holds monthly meetings on the second Tuesday of every month at 8:00pm at the Waurn Ponds Hotel, 1154 Princes Hwy, Waurn Ponds 3216. Guests Welcome.

Club Filing Cabinet

Our club filing cabinet is located at Shane & Belinda's place. It currently holds our Nationals Videos, old Newsletters as well as a few books for loan to members. Drop in and see Shane & Belinda if you would like to borrow any of these items. Don't forget to fill in the Logbook!

This Month's Cover Picture

This Month's Cover Picture is of Joe Pante's 20017 Mustang GT Convertible. Joe's Mustang runs a 4.6 Litre SOHC Modular V8 and Automatic Transmission. This picture was taken at a recent Cars & Coffee Event at Garagista in Moolap.

President's Ramblings

July 2019

Hi All,

The AGM is upon us - your chance to throw your hat in the ring to take an active role in our fantastic club, or maybe nominate someone that might be a little shy to put their own hand up! No-one on the current committee will be offended by some new competition!

Aside from the annual elections, the only other official piece of business is the revision of the membership application fee to \$40 and the inclusion of a club polo shirt into the new member pack, instead of the hat. This was raised and discussed at the June meeting and was decided to table at the AGM.

We had a very lovely lunch on a very chilly Sunday the 16th of June at the Yardz Hotel. The staff there, headed by Shane's daughter, looked after us really well as usual. We had roughly 25 people brave the wintery weather and head down for a chat and a feed. It was really nice to have a casual meet up and hang out there for a bit!

Darryl's working feverishly on the upcoming "Around the Bay in a Day" (Sunday 14th July) & "Mystery Shed Tour" (Sunday 28th July) runs, while knocking back a few Bintangs in Bali. The meeting details are listed in the newsletter calendar.

We still have a really low uptake on the Team App that Jarrod has set up. It's being populated with all of the upcoming events and will send out reminders. As a result, I will stop sending out the reminder emails soon and rely on the App. If you're not on board, you'll get left behind. For those that have phones not capable of running apps, or just aren't tech savvy, you can still sign up on Team App online and be able to access the calendar and receive email updates. If you're not sure, just ask Jarrod or one of us to give you a bit of a hand to set it up.

See you all next month!

Tony Porter

Meeting Minutes Tuesday June 11th 2019

- Meeting Opened:-** 7:09 pm
- Members Present:-** 34

Moffat's Falcon outperforms them again-on AUTOLITE!

The big Falcon never missed a beat. For 500 tough Bathurst miles, Moffat drove it hard and fast to win Australia's premier endurance race for the second successive year. It was a great victory for the man, his car – and AUTOLITE. As in 1970, the winning Falcon was powered by competition-proven AUTOLITE spark plugs, battery, oil and air filters, brake fluid and motor oil. Four of the five class winners were similarly equipped with Autolite, as were the 2nd, 3rd, 5th and 6th across the line. All in

all, 10 of the 15 cars to win places were Autolite-powered. With winning results like that, it's easy to see why most professional drivers specify Autolite spark plugs and batteries. Next time your car needs replacements, ask your local garageman to fit AUTOLITE – for top performance and complete reliability.

SPARK PLUGS, BATTERY, OIL & AIR FILTERS, BRAKE FLUID & MOTOR OIL. AUTOLITE – BEST FOR ALL CARS

*Results subject to official confirmation. AP072

"If you have a bingle give Frankie a tingle"

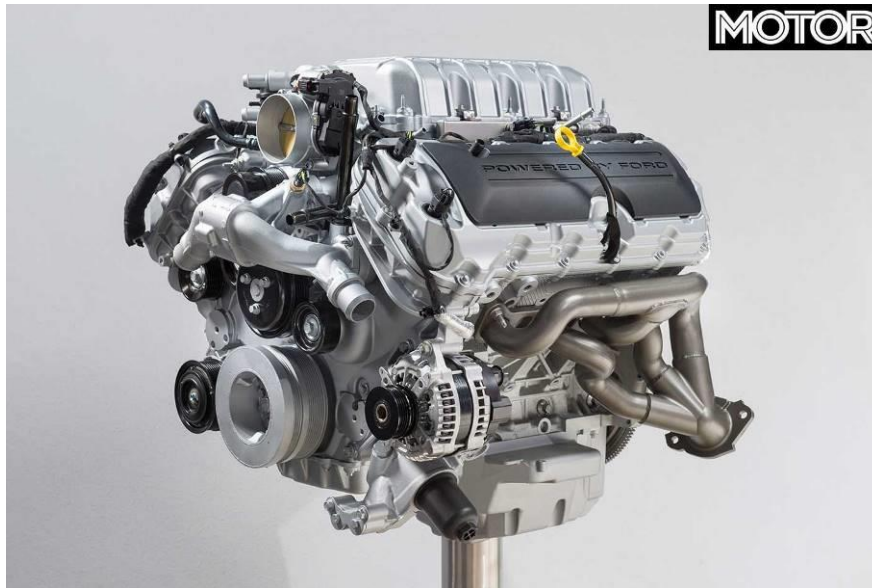

2020 Mustang GT500 Engine Details

From Motor Magazine's Facebook Page

2020 Ford Mustang Shelby GT500 power output confirmed

By Chris Thompson, 20 Jun 2019 News

Ford has released a statement confirming the output of its **2020 Ford Mustang Shelby GT500**, as well as a claim that the GT500's engine boasts the highest specific power and torque outputs for a supercharged factory engine.

With 567kW and 847Nm, it would be not only the most powerful factory car on sale in Australia if it were offered, it's also have its closest specific-power rivals beaten by a wide margin.

Ford's short press statement also claimed the GT500 to be the most powerful Ford road car ever.

"The all-new [2020 Mustang Shelby GT500](#) will produce 760 horsepower and 625 lb.-ft. of torque, making it the most powerful street-legal Ford ever – with the most power- and torque-dense supercharged production V8 engine in the world. Enough said."

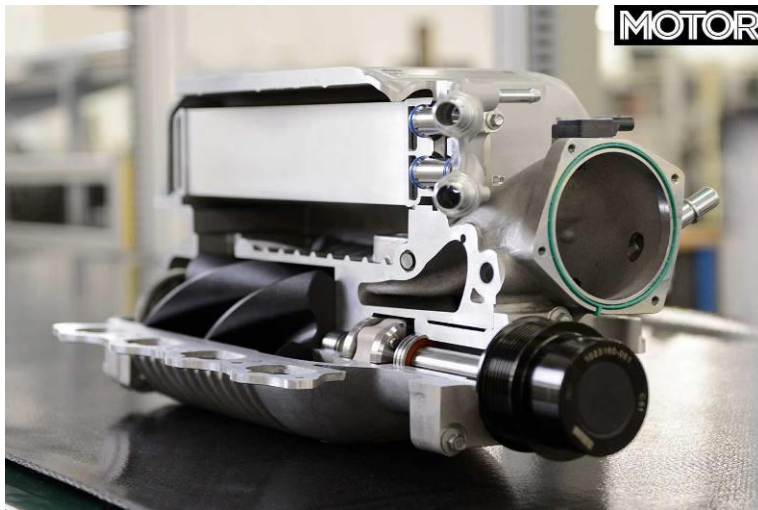

As stated, this has the most powerful factory road car on sale in Australia, the [Jeep Grand Cherokee Trackhawk](#), beaten not only for highest specific power, but also just completely outright.

The GT500's 5.2-litre V8 makes 109kW per litre, where the Trackhawk's 522kW 6.2-litre unit makes only 84kW per litre.

2020 Mustang GT500 Engine Details (cont.)

In the states, the Dodge Hellcat engine is also found in 626kW form, nestled in the [Dodge Challenger Demon](#), though even then produces just 101kW per litre.

However, the Demon also boasts a much higher 1043Nm torque figure, and its 168Nm per litre specific output is still higher than the GT500's 163Nm per litre.

While the GT500 won't make it to Australia through Ford, [Mustang Motorsport](#) says it'll be able to convert any that it gets its hands on.

"Mustang Motorsport will be importing and converting [Shelby GT350s](#) and GT500s," managing director Craig Dean told MOTOR.

"Pricing on GT350s is affordable and but the GT500 will be sold as a premium and we are predicting five or six.

"I have sent inquiries to Vehicle safety Standards to see when importation can be organised, I suspect after December 11 2019 [when new import legislation comes into effect]."

Stay tuned.
